Editor-in-Chief, Professor Jean-Louis Vincent, has welcomed three distinguished intensivists to the ICU Management Editorial Board.

Prof. Jan de Waele, MD, PhD (Belgium)

Prof. De Waele is an intensivist at the Surgical ICU of the Ghent University Hospital in Ghent, Belgium. As the current President of WSACS – the Abdominal Compartment Society, he will host the 2015 World Congress on the Abdominal Compartment in Ghent, Belgium in May 2015. Prof. De Waele serves as Deputy of the Infection section in the European Society of Intensive Care Medicine (ESICM) and Councillor-at-Large in the Surgical Infection Society – Europe (SIS-E). He is President-Elect of the Belgian Society of Intensive Care Medicine and Senior Clinical Investigator (FWO – Research Foundation Flanders). Read Prof. De Waele's Zoom On Profile on the ICU Management website at <http://bit.ly/1C36mUC>

Dr. Bin Du, MD, Professor (China)

Dr. Du is Director of the Medical ICU, Peking Union Medical College Hospital in Beijing, China. Dr. Du is a Member of the Council of the World Federation of Societies of Intensive and Critical Care Medicine; President, Asia Pacific Association of Critical Care Medicine (APACCM) and President, Chinese Society of Critical Care Medicine (CSCCM). His research interests are sepsis and nosocomial infection. Dr. Du is on the Advisory Board of Critical Care.

Prof. Eliezer Silva, MD, PhD (Brazil)

Prof. Silva is Director of the High Complexity Hospital affiliated to The Albert Einstein Hospital in São Paulo, Brazil and founding President of the Latin American Sepsis Institute. His research and professional interests are critical care medicine, management and economic analysis. Prof. Silva is on the Advisory Board of Critical Care.
