
Addressing Demographic Change: A Socio-Economic Challenge and Opportunity for Europe

The aim of this workshop, organised within the 'Digital Agenda Assembly', is to present progress in the pilot European Innovation Partnership on Active & Healthy Ageing and invite stakeholder feedback.

Members of the Steering Group of this EIP will highlight its first areas of work. Stakeholders will have the opportunity to contribute their feedback, suggestions and experiences to the session, draw inspiration from others' experiences as well as find potential partners.

Three sessions will focus on:

- Environment for assisted and independent living
- Care and cure
- Prevention and early diagnosis

Speakers include:

Petra WILSON (Cisco Systems, Internet Business Solutions Group, Belgium)

Simonetta SCALVINI (IRCCS Fondazione Salvatore Maugeri, Servizio di Telemedicina, Italy)

Niamh SCANNELL (Technology Research for Independent Living (TRIL) Centre, Intel's Digital Health Group, Ireland)

Anne-Sophie PARENT (AGE - the European Older People's Platform, Belgium)

Konstanty RADZIWIŁŁ (Standing Committee of European Doctors - CPME, Belgium)

Judith MERKIES (European Parliament, Netherlands)

George CROOKS (NHS 24, Medical, United Kingdom)
