
#AHASummit: Lead, Connect and Transform the Future of Health Care

The AHA Leadership Summit, the American Hospital Association's premier educational event for hospital and health system leaders, will take place between July 16 – 18. The summit will bring together a diverse community of visionary leaders and provide a platform for exchanging ideas, sharing knowledge, and learning from different approaches and perspectives.

The event is the prime opportunity for senior health care executives, clinicians and experts in the field to present transformational strategies on how to deliver better care and address mounting workforce challenges.

Special attention will be targeted towards strategies and best practices for enabling health care leaders to remain resilient and strong in the face of any future crisis.

Senior hospital and health system leaders and clinicians will have the chance to create meaningful connections, as well as to foster collaboration and innovation with others in the field. Health care leaders will receive new insights into the competencies needed to guide complex organisations for transformation.

The event will provide colleagues with the opportunity to connect, and facilitates the sharing of insights and leading practices. Additionally, innovators will share their ideas, technologies and scientific discoveries that are transforming the consumer experience as well as the delivery of care.

The event offers attendees the opportunity to find out how to align their organisation with hospital and health system leaders as they meet to reimagine the future.

Attendees will be exposed to more ways of finding how to transform their organization in various focus areas including financial stability, workforce challenges, managing risk, elevating health equity, patient centricity and more.
