

AXREM Appoints Peter Harrison as New Chairman

AXREM is pleased to announce that Peter Harrison, Managing Director, Siemens Healthineers, has assumed the mantle of AXREM Chairman for the period 2017/18.

Having joined Siemens Business Services in 1996, Peter transferred to head Siemens Healthcare Services (SHS) Limited in 2002. SHS's scope of activities extended to Managed Equipment Services and Healthcare IT. In 2004, he became responsible for Siemens' Imaging and Oncology solution business, and assumed the role of Managing Director of Siemens Healthcare in 2012.

This will be his second period of office as chair for AXREM having previously held the position during 2007 and 2008, and since then he has continued to represent Siemens within this forum. He has served as the Industry Representative on the Clinical Radiology Faculty Board of the Royal College of Radiologists and has also served as a Non Executive Board member of an NHS Mental Health Foundation Trust. Peter was also Director and Chair of Metier Healthcare from 2002 to 2008, after which time Siemens divested its shareholding.

Prior to joining Siemens Healthcare, Peter held general management, sales and technical management positions within the business services and IT sectors, both within Siemens and Thorn EMI.
