
Christiano Silva is the New VP, General Manager Cluster Iberia at Biogen

Christiano Silva has been appointed as Biogen's new Vice President, General Manager Cluster Iberia. Christiano, who has a background in cardiology, is ready to transform the healthcare sector. With over five years of experience at Biogen, Christiano has demonstrated strategic acumen and problem-solving abilities, perpetually seeking solutions to complex healthcare challenges.

His most recent time as Executive Director demonstrated his leadership as Tofersen's Global Brand Leader, paving the way for his current position as VP. Christiano's unwavering commitment to value creation aligns with his belief in empowering individuals to achieve their highest potential. His leadership style embodies accountability, shared vision, and utilises self-awareness to unlock unparalleled potential.
