

## Farewell: Stefan Burkart leaves Entscheiderfabrik

---

The last day of the fair at this year's [Medica](#) was also the last day of work by Stefan Burkart for Entscheiderfabrik. He was their general representative for the last few years.

"It was an exciting seven years with interesting projects. I am looking forward to working with my new partners Bamdad Bahar and Frank Schneider, whom I was able to win for the Bodensee Institut," explains Burkart at Medica.

[Pierre-Michael Meier](#), the founder of Entscheiderfabrik, said: "Entscheiderfabrik has developed into the network for healthcare IT in the German healthcare industry. A heartfelt thank you to Stefan Burkart for his commitment and, of course, all the best for the future. "

□

Entscheiderfabrik's goal is to achieve "hospital success through optimal IT and medical technology deployment". Each year, the organisation brings together hospital management, IT and medical technology, consultants and industrial companies in five key IT projects.
