

Guido Bötticher is the New General Manager at VISUS Health IT GmbH

Guido Bötticher has been working for VISUS Health IT GmbH in Bochum since 2008 - initially as sales manager and as managing director since 2013. His focus is on the strategic expansion of global sales. Bötticher has been promoted to a new position and will now be the General Manager at VISUS Health IT GmbH.

As a graduate economist with a focus on hospital management, he is familiar with both the requirements of everyday hospital life and the technical requirements for IT. Guido Bötticher has been working in healthcare IT for 20 years (support, product management, product marketing, sales), of which he spent two years as IT manager in a clinic group with 4 locations and 1,400 beds.
