

#HBI2023: Health Business International begins – June 19 - 21

Health Business International is a 3-day conference, connecting leading C-suite operations, investors, advisors and suppliers. The goal of the conference is to facilitate conversation and networking to ignite new partnerships and business growth.

The conference will be held from June 19-21, 2023 in London, United Kingdom.

Healthcare Business International (HBI) is an annual conference, running for over a decade, and provides the opportunity for attendees to meet prospective new partners through dedicated time and meeting space. The conference will help to raise their professional profile by forming relationships with new clients.

HBI is the prime opportunity to receive unique content on for-profit healthcare services in Europe and Emerging markets. It is the platform for industry leaders to share ideas, deliberate and exchange new ways for solving complex healthcare issues.

The event will include many diverse topics on the agenda for discussion, insights and successful case studies and data points, helping industry leaders to stay current on the business landscape. Additionally, the event will deliver market intelligence focusing on investment and business strategies across twenty health and care sectors.

Overall, this is a unique networking and learning opportunity for industry professionals to expand their horizons, accelerate their growth in the healthcare sector and discuss best practices.
