
HIMSS 2022 is 14-18 March!

HIMSS (Healthcare Information and Management Systems Society) is a global advisor, thought leader, and member-based society committed to reforming the global health ecosystem through information and technology.

This year's HIMSS conference takes place from 14-17 March in Orlando, FL USA. The conference focuses on how people, technology and best practices can advance healthcare and features both digital and in-person components that complement each other.

HIMSS members and healthcare professionals attend this conference and trade show every year to see healthcare trends and new technology and learn best practices. On-demand digital recordings will be available in the HIMSS22 Digital platform from Wednesday, 16 March, until 30 April 2022.

The digital component, HMSS22 Digital, includes highlights, educational sessions, keynotes from the onsite event, and networking opportunities. The educational programming provides sessions from healthcare thought leaders, keynote speakers, and niche speciality programs, including AI, big data, cybersecurity, and telehealth. These are separated into the following categories:

- Business
- Care
- Data and Information
- Organisational Governance
- Process
- Policy
- Technology
- Workforce
