

## Hologic 3D Mammography Workshop: Advanced Case Review

3D Mammography  
Workshop

»» **Hologic 3D Mammography™:  
Advanced Case Review**

**Speaker:** Dr. Aron Belfer

**Location:** L7 - 1st floor, ECR 2016

Hologic is offering a series of 90-minute educational sessions for radiologists throughout the ECR Congress. Prior to the hands-on, a brief lecture will be provided by a radiologist pioneer in the clinical use of 3D Mammography™, who will present an overview of the technology and reading principles of tomosynthesis.

This program is intended for radiologists interested in gaining experience in reading & interpreting screening and diagnostic cases using this innovative technology.
