

Michal Dybowski is the New Government and Public Affairs Director at Polska Federacja Szpitali

Michal Dybowski has resigned from his position as Chief Sustainability Officer of the Polish Hospital Federation, a role he held for a rewarding year marked by significant development and successful navigation of obstacles through collaborative efforts. Dybowski expresses great pride in the team's current accomplishments.

Simultaneously, Dybowski has announced his appointment as the Director of Government and Public Affairs. This significant role is both an honour and an opportunity to enhance the organisation's progress. He hopes to make substantial contributions to the Federation's and Poland's continued improvement in the healthcare sector, a field he is deeply passionate about.

Dybowski looks forward to taking on new challenges and possibilities in this role. His diverse responsibilities include policy lobbying, stakeholder engagement, public communications, regulatory compliance, sustainability initiatives, and development.
