

Monika Neuman Joins Gentian Diagnostics's Board Members

Monika Neuman has 20 years of experience from the diagnostics industry, currently holding a position as Managing Director for Sarstedt Group in the Nordics. She has previously had several international and commercial leadership roles like Head of Sales, EMEA , and VP Global Business Management. During the past 4 years, Ms. Neuman has been working at Siemens Healthineers Laboratory Diagnostics headquarters in Tarrytown, NY, where she was closely collaborating with R&D, Manufacturing, Marketing, and Customer Service to set a successful strategy for launch and implementation of a new product portfolio on the global IVD market.

Ms. Neuman holds a MSc degree in Biochemistry and a PhD degree in Clinical Bacteriology from Medical Faculty at Göteborg University in Sweden.
