About PACSGEAR

PACSGEAR provides image connectivity solutions for medical image management (PACS) and electronic health record (EHR) systems to hospitals and healthcare facilities. Its industry-leading software seamlessly integrates documents, film, video, visible light and other images from any department to any PACS/EHR. Healthcare personnel in specialties such as radiology, cardiology, gastroenterology, dermatology, orthopedics and pathology can connect, view and share images and results to enable health information exchange. Worldwide, PACSGEAR gives over 1200 hospitals, healthcare networks and imaging facilities a better picture of their patients' health. For more information, visit www.pacsgear.com
