

Roadmap to Top Quality

The 23rd Congress of the European Association of Hospital Managers, Roadmap to Top Quality, will be held in Zurich from 9 - 10 September 2010.

On the first day of the Congress, we will be presenting service providers, hospital managers, politicians and other healthcare exponents who will be giving their views on the topic of quality and quality improvement. You will have the opportunity to discuss issues directly with the authors at a poster session.

The second day of the Congress is devoted to practice: representatives from different countries will be presenting their experiences and what they have learned from implementing projects.

Another highlight is the presentation of the winners of the *Golden Helix Award 2010*, the oldest and most prestigious prize for improving quality in hospitals.

Come to Zurich and discuss these topics with colleagues!
