

Siemens Healthineers Supervisory Board Extends Elisabeth Staudinger's Managing Board Mandate

- **Mandate extended until end September 2029**
- **Staudinger joined managing board in December 2021**
- **Responsible for technology excellence, customer services, quality, access to care, Asia Pacific Japan and China regions**

At its meeting today, the supervisory board of Siemens Healthineers AG unanimously extended the appointment of Elisabeth Staudinger as a member of the managing board ahead of schedule. She will now hold this position until the end of September 2029.

"Elisabeth Staudinger is working intensively on the further digital development of our very successful service business and the expansion of our technological expertise. Our growth area of access to care has also successfully established itself under her leadership," said Ralf P. Thomas, chairman of the supervisory board of Siemens Healthineers AG. "Her deep familiarity with the culture of our Asian customers is driving our strong business development in this important region."
