Transition to Enterprise Imaging for Radiology

Access the future of healthcare

While healthcare organizations across the globe remain under pressure to deliver cost-effective and high-quality care, the COVID-19 challenge has exposed the vulnerabilities of our healthcare systems with their access and information silos.

As we transition to the new normal, the path towards Enterprise Imaging has never been more meaningful: A single comprehensive patient imaging record that optimizes resources and enhances care collaboration.

Agfa HealthCare Enterprise Imaging for Radiology is your new unified platform to drive the delivery of high-value services and patient care quality.

the enterprise, while controlling system complexity, administration and costs.

10 reasons to transition to Enterprise Imaging for Radiology

1. A rules-based workflow that balances workloads
2. Collaboration for patient care
3. Peer learning in an open environment
4. Workflow oriented hanging protocols
5. Clinical applications – one desktop
