### VIASYS Unveils the BreatheX™ Journey

---

Constructed to be small and unobtrusive, the new BreatheX™ Journey CPAP from VIASYS is powered by a rechargeable battery that will provide 11 hours of use at 10 cm H<sub>2</sub>O. Providing CPAP pressures from 5 to 12 cm H<sub>2</sub>O, the BreatheX™ Journey features ramp and altitude compensation and includes a 72 inch hose, which allows the system to be positioned in the most comfortable or convenient position. Compact and mobile, the CPAP system is compatible with a range of masks and nasal pillow systems including The Advantage Series™ Nasal and Full Face Masks and SNAPP X Direct Nasal Interface, all of which are also made by VIASYS.
