ISSUE 5

# Patients and Families

**Bringing Back the Forgotten Puzzle Piece: Family Empowerment in the Care of the Critically Ill Patient**, *B Lobo-Valbuena, S Garcia-Manzanedo, AR Alcaraz, M-M Garcia-Arias, F Gordo*

**The Internet and the Rise of Artificial Intelligence in Critical Care Medicine: Opportunities, Threats, and the Practitioner-Patient Relationship**, *L Hawryluck, MJ Douma, PG Brindley*

**Administering Care to Critically Ill Patients with FAST HUGS IN BED PLEASE - Revisited Mnemonic**, *E Arriaga-Morales, OR Pérez-Nieto, D Cuellar-Mendoza, GBE Sánchez de la Barquera, AC Siller-Serna, E Deloya-Tomas*

**Long-Term Home Ventilation in Children: Facing the Challenge**, *M Pons, E Esteban, P Corniero, GD Carrillo, FJC Lasaosa*

**Treating the Whole Human In Intensive Care – Patient-Centred Outcomes in Sepsis, Surgery and Trauma**, *LA Belon, J Poole*

**Acute Subarachnoid Haemorrhage - An Epidemiological Perspective**, *E Brogi, L Querci, A Chierrega*
